KANSAS CITY WINGSHOT IS NOW OWNER OF THE TROPHY.

The Local Crack Shot Defeats Past Holders of the Cup and Becomes Its Final Possessor-Elliott Killed Every Bird.

The Kansas City Star championship cup will remain in Kansas City in the posses-sion of J. A. R. Elliott, who yesterday de-feat the past holders of the trophy in a twenty-five-bird contest. The cup then be-

twenty-five-bird contest. The cup then be-came his personal property.

The contest between the champions yes-terday afternoon was probably the prettiest ever seen in Kansas City and one of the best ever given anywhere. C. W. Budd, of Des Moines, who won this year's contest for the trophy, was piged against J. A. R. Elliott, the present holder, and J. E. Riley, of Kansas City; Sim Giover, Rochester,

N. T., and Fred Gilbert, Spirit Lake, Ia., who have held the cup at previous times. The day was not altogether favorable, but a large crowd witnessed the crack shooting. A rather brisk wind made the work difficult, but gave the gunners an opportunity to make a brilliant exhibition. Elliott, if anything, had rather the worst of the deal in his drawing of birds, but by pretty shots he brought down the full number and made the only spotless record of the contest.

number and made the only spotless record of the contest.

For five rounds nobody missed a bird. In the sixth Riley was a triffe slow in getting at a swift right quarterer and the bird was lost. After that every bird was nailed as it came up, until the seventeenth, when Glover's bird flew out of bounds before it fell. Again in the eighteenth the New Yorker lost his bird, a left quarterer, and it flew clear of the bounds and away safely. Budd lost his twenty-first, a soarer, and in the next round Fred Gilbert's right quarterer cleared the field unharmed. This gave Eilliott no opposition for two rounds, and the Kansas Cityan brought down both of his birds.

and the Kansas Cityan brought down both of his birds.

Kansas City people made no effort to conceal their pleasure when the last bird was nailed and "Jim" Elliott was announced as the owner of the cup. On behalf of the donors of the trophy and the Missouri Fish and Game Protective Association, President G. M. Walden formally presented the cup to Mr. Elliott.

Riley, Gilbert and Budd, who had each killed twenty-four birds, then shot for the second prize, the largest division of the entrance money, at miss-and-outs. Riley was the winner.

Baseball Notes.

Nicol is batting now in his 1896 form and The Blues did not get a chance at Indi-anapolis yesterday. It rained. The Colonels and the Bridegrooms will play a doubleheader at Louisville to-day. President Ban Johnson is in Cleveland endeavoring to land Ollie Pickering for Papa Chaunce. Papa Chaunce.

The Minneapolis team is credited with the first triple play made in the Western League this season.

As no Sunday games are permitted in Indianapolis, the Blues and the Hoosiers will take a day off to-day.

Pitcher Norton, who is touted as the Millers' crack pitcher, was touched up by Columbus for twelve hits yesterday.

Count Campany heads the Minneapolis Count Campau heads the Minneapolls batting force with .399. Phillips and Hickey are also in the .300 class, and Letcher is coming force. It looks as if both Count Muliane and Farmer Preston are going to be allowed to escape from St. Paul. Neither man is with the team on its Eastern trip.

Bandow Mertes did fairly well in his first game with the Chicago team, as he scored one of the few runs and accepted his fielding chances without an error.

Last year at this time Jimmy Manning's cow punchers were in the last hole. Now they are right at the heels of the leaders. Hope they'll overtake 'em.—Omaha World-Herald. Bo do we.

The Bradburys and the Lexingtons will play games at Exposition park on Sunday and Monday, May 33 and 29. The Bradbury team is one of the strongest in Kansas City, and the Lexingtons claim the amateur championship of the state. ateur championship of the state.

If Manning has to drop any of the pitchers to conform to the salary limit he will have a hard time in deciding which one he can best spare. It is safe to say that he will let off neither Sullivan nor Pardee, and he would hate to dispose of Meredith.

PLAUDIT TAKES HIS SECOND BACE FROM LIEBER KARL.

Were but Two Entries in the Oakley Derby and Plaudit Won With Ease-Schorr's Colt Was Outelassed.

CINCINNATI, O., May 21.-Plaudit is a double Derby winner. This afternoon he won new laurels by easily defeating Lieber Karl, who was the only starter against him in the great \$10,000 Derby at Oakley. There is no longer a question of doubt as to which is the better horse of the two. Plaudit is in a class by himself. This after-noon's big event was won without an effort by the gallant son of Himyar, after run-ning under restraint the entire distance. Those who came out to the track expect-ing to see a hard fought contest were disappointed. Bannock Burn and John Bright, the other two named to start in the Derby,

ing to see a hard fought contest were disappointed. Bannock Burn and John Bright, the other two named to start in the Derby, withdrew, leaving only Plaudit and Leiber Karl to do battle for the big event.

The horses were not long at the post. They had no more than got into position, when the fiag fell, sending the pair away on their journey heads apart. Burns on Lieber Karl sent his horse out to make the pace and for the first mile the two ran closely together. At no time was there more than a half length's difference between them and both riders egemed confident of victory. As they turned into the home stretch, Martin Plaudit had his own way and the great thoroughbred came down through the stretch in easy strides and crossed the wire a good half length to the good. Lieber Karl was doing his best and looked tired out at the finish. There was but lituse betting on the race, Plaudit's price never being better than 3 to 10, while 8 to 5 was about the best price obtainable on Lieber Karl. The race was witnessed by about 6,000 people. The time made in the race, 2:08%, was not as fast as was expected, as the track was in perfect ahape.

The other five events on the card were all hothy contested and the spring meeting of the Cincinnati Jockey Club promises to be a most successful one. Starter Caldwell's work with the fiag was perfect in every race. Captain James H. Rees is the presiding judge. Summaries:

Sharkey Still Bluffing. PITTSBURG, PA., May 21.—Tom Sharkey is anxious to make a match with some of the big fighters. To-day he telegraphed to J. J. Quinn, of this city, to match him with any man in the world for \$5,000 or more. Quinn says he will match the sailor against Jeffries, McCoy, Ruhlin or anyone else. He is especially anxious for Jeffries, and will fight him for any size purse, winner to take all.

General Sporting Notes.

A Lawrence bowling team was defeated by a mixed team of Kansas City players at Armory hall last night. Plaudit is something of a race winner himself, but it will be noticed that Leiber Karl always gives him a merry chase. Bolly Smith has arrived at New York and is looking for a match with George Dixon. He will not have to wait long. Tom Butler, of Detroit, won the national championship professional bicycle race at Manhattan Beach yesterday in 2:11 2-5. Manhattan Beach yesterday in 2:11 2-5.

Eddie Bald says he now weighs 184 and is reducing. He is to ride a match race with August Lehr, May 23, at Ambrose park.

Dick O'Brien and Billy Smith have been offered a \$1,250 purse by a Buffalo club. O'Brien says if he defeats Byers he will accept the offer.

Six thousand five hundred and eighty birds were killed in the gun tournament which closed yesterday, and \$1,500 targets were broken.

The match between Dixon and Herry

Bix thousand five hundred and eighty birds were killed in the gun tournament which closed yesterday, and 41,900 targets were broken.

The match between Dixon and Bernstein wanted too long a time to get ready. "Solly" Smith may be selected to meet Dixon. It appears that Jim Jeffries broke two of the fingers of his left hand in his mill with Tom Sharkey. Jeffries is now being treated for the injuries and expects to be in good condition by the time he reaches the Bast. from 178 to 171 and is said to be going very fast and strong, although not sprinting yet.

The St. Louis players have not seen the color of money from the management this season, and when they were in Chicago Wednesday it was hinted that they would go on a strike if they were not paid as soon as they reached home.

TRANSCONTINENTAL BOADS SO DE-

Van Derbeck has recalled Kæhne and is playing him at first base while Dillard is disabled. It would be interesting to learn whether the crafty Detroit magnate deducted one day's pay from Kuehne's salary because he was released on the 16th and resigned on the 17th.

Los Goldard's victory over Peter Moher

ducted one day's pay from Kuehne's salary because he was released on the 18th and resigned on the 18th.

Joe Goddard's victory over Peter Maher has made the Australian feel that he is able to hold his own against the "crackerjacks" in the heavyweight division. He has challenged Fitzsimmons to fight for \$5,000 a side. Goddard, though offered a \$7,500 purse to box Maher again, has not yet signed the articles.

J. C. McCracken, the former Kansas football player, is still breaking records. In the dual games between the University of Pennsylvania and Cornell yesterday, McCracken, who is now a Pennsylvania man, broke the intercollegiate hammer throwing record of 136 feet 3½ inches. His throw was 147 feet 10½ inches.

Eddie Burke found fault with Sheridan in the third inning of Thursday's game for calling his drive along the left field chalk line a foul and continued his abuse until he was put out of the game. While on the bench he kept up his chin music and then Sheridan put him out of the grounds. Glasscock was also assessed \$5 for "sassing" the umpire.

Some Eastern horsemen have argued that it is very poor policy to offer such a rich stake as the National Stallion, \$20,000, for youngsters, so early in the season, claiming that the best results would be obtainable later in the year. When 2-year-olds are sent so early they are liable not to live up to expectations raised in running excellent races in the big event, is given as a reason.

During their training sprints on the Cycledrome track, New York, Jimmie Michael and "Plugger" Bill Martin, who has been in Australia for two years, shot into a sprint together, and Michael whipped Martin out for five yards at the least. The midget middle-distancer is a sprinter as well as a plugger and is seemingly doing what he can to develop that sprint already in view of his match races with Eddie Bald.

WAITING ON THE WEATHER.

If To-day Is Fair Two Park Openings With Band Concerts Will Occur.

The announcement of every attraction a the parks now is parenthesised with the words "weather permitting." So far this season the weather man has not seen fit to issue the necessary "permit," but Observer Connor is expected to come to a halt with his policy of delay to-day, and give the people a chance to get out of doors and en-joy the fresh air and listen to the fine

music.

Both Fairmount and Troost parks have splendid band concerts scheduled for to-day. At Fairmount the newly organized Fairmount Military band of thirty pieces will render the following excellent programmes:

AN ARTIST UNDER ARREST.

B. J. Taylor Is Accused of Securing Three Sets of Books by Fraud.

B. J. Taylor, a well known newspaper artist, was arraigned in Justice Krueger's court yesterday afternoon on the charge of securing by fraud from the Doggett Dry Goods Company books worth ill. He gave bond to appear May 25 for a preliminary hearing. He denied that he was guilty of the charge. The firm alleges that Taylor purchased three sets of Ridpath's History of the World, and secured possession of the set each time by the payment of ill. by impersonating a fictitious person and giving a different address. He is charged with being at the address at the time the books were delivered and receipting for them. The purchases were made from different clerks and delivered by different drivers, and the firm alleges the fraud was not discovered until it tried to collect the second installment. Mr. Taylor says he will have no trouble proving he is innocent of the charge. court yesterday afternoon on the charge

CAN FIND HIS WIFE HERE Mrs. Winfield Crissip Is in the City Looking for Her Soldier Husband. If Private Winfield Crissip, late of Com-

pany H. Fourteenth infantry, U. S. A., is in Kansas City and desires to meet his wife, who has been anxiously searching for him, he can do so by calling on Humane Officer he can do so by calling on reasonable Greenman.

Mrs. Crissip arrived here a day or two ago from Alton, Ill., where she has been for the last three months visiting her stepfather. Her husband's regiment was stationed at Vancover, Wash., when she left for home, and when he was discharged upon the expiration of his term of enlistment he wrote Mrs. Crissip to meet him in Kansas City. She came on at once, but is unable to find him. She is being temporarily cared for by the Humane Bociety.

COST OF MACHINE POLITICS. The Partisanship of Fyke and Johnson Costs the City Many Hundreds of Dollars.

In the circuit court yesterday Judge Scarritt issued an order for the board of police commissioners to pay the judgpolice commissioners to pay the judgments secured some time ago against the city by C. J. Knight, J. T. Wachs, W. H. Goodnow and E. G. Smith. These men were members of the Kansas City police force during the time that Fyke and Johnson were members of the board of police commissioners. They were dropped by Fyke and Johnson solely for political reasons. As a result the city must pay them their salary for all the months they were not on the force, another illustration of the cost of machine politics.

ONLY POPULIST ON THE FORCE The Friends of Ex-Officer Hewett Are Working to Have Him

Reinstated. Friends of ex-Officer W. E. Hewett, who was summarily discharged by the police commissioners last Friday for drinking while on duty, are circulating a petition to have him reinstated. They claim that he was the only Populist on the force and that that party is entitled to representation.

CIDE AT MILWAUKEE MEETING.

Proportionate Increase From All Territory to Pacific Coast and Asiatic Points, in Carload and Less Then Carload Bates.

MILWAUKEE, WIS., May 21.-The trans-

continental freight bureau completed a two weeks' session to-day. While nothing official was given out of the result of the meeting, it is authoritatively learned that a decided advance in Asiatic rates, including all ports in China and Japan, will imall ports in China and Japan, will immediately be made by the association.

This will also result in the putting up of transcontinental rates in this country, but it is understood that, while the less than carload rates will be advanced from 25 to 40 per cent over existing rates from New York, Chicago, St. Louis and Milwaukee to the Pacific coast, the Middle West cities will not suffer, for the reason that under the new schedule all rates that are sd-vanced at all will be raised proportionately from all Eastern points, where they have for years been practically the same as the rates from the Middle West to the Pacific coast.

rates from the Middle West to the Pacific coast.

All rates to points in Asia are figured from New York, Boston, Philadelphia, Chicago, Milwaukee, St. Louis and all gateway territory via San Francisco. The general advance will be from 20 to 30 per cent.

It was also decided at this meeting to advance the through rates to and from Great Britain and the Continent and Asiatic territory, on all commodities that usually go via the transcontinental rail lines across the United States as against the Sues canal water route, which is much the longer and requires much more time.

WILL NOT FEDERATE.

Engineers Defeat the Proposition by a Vote of 205 For to 200 Against It.

ST. LOUIS, MO., May Zi.—The entire time of the session of the Brotherhood of Locomotve Engineers, at the Olympic theater, to-day, was consumed in the discussion of the proposition to federate with other railway labor organizations. The proposition was defeated by a vote of 205 for and 290 against the federation. A proposition of considerable importance that will come up for action next week, is the location of the grand office during the decade beginning in the year 1900. These offices are now located at Cleveland. ST. LOUIS, MO., May 21.—The entire time

Complain of High Freight Rates. Complain of High Freight Rates.

TOPEKA, KAS., May 21.—(Special.) The mayor and council of Syracuse, Hamilton county, Kas., filed complaint with the state board of railroad commissioners to-day against the Santa Fe road for charging excessive rates on freight shipped to that place. The complaint charges that the rate on corn is about 50 per cent of its value in the corn belt; on coal from 300 to 400 per cent of its value at the mines, and on groceries about 50 per cent of their value at the wholesale centers. The document concludes: "We can stand drouths out here better than we can stand the exorbitant freight rates." The commissioners mailed a copy of the complaint to the railway officials and the case will come up for hearing later.

Chief Dispatcher Steinel Here. "Connie" Steinel, chief dispatcher in the office of Superintendent I. T. Dyer, of the Burlington telegraph system, with head-quarters at St. Joseph, accompanied by Mr. George Howard, of the same road, was in the city yesterday, and inspected the Hannibal bridge and the condition of the river at this point. The Burlington keeps a complete record of the stage of water at all points between Kansas City and Pierre, S. D., which runs back for a period of twenty years. M. Steinel says the present flood is confined to that portion of the river in Northwest Missouri, and is due to late heavy rains. There are no indications of a flood from above.

Railroads Pool Their Interests. Railroads Pool Their Interests.

ST. LOUIS, May 21.—General passenger agents of St. Louis, Southern and Southeastern lines, at a meeting held here, have selected D. Wishart as joint agent to look after the interests of the railroad companies concerned in the transportation of troops through the St. Louis gateway. A rate of 2 cents a mile for Southern points was agreed on and 1½ cents per mile for trunk line points. The distribution of the equipment will also be looked after, so as to avoid delay in the movements of troops to the front.

Lake Shore Buys a Railroad. CLEVELAND, O., May 21.—It is learned on good authority here that the Lake Shore has purchased the entire property of the Elkhart & Western road. Indications are that it will be conducted in connection with the regular line of the Lake Shore, and that the purchase is but an opening wedge to secure other and more valuable railway property.

Gross Earnings Increased. CHICAGO, May 21.—Gross earnings for eighty American railroads for the first week of May aggregated \$7,339,085, an increase as compared with the corresponding period of last year of \$747,027, or 11.33 per cent. For the second week of May sixty-three roads report gross earnings of \$6,557,368, an increase of \$890,197, or 15.83 per cent.

The Michigan Central, "The Niagara Falls Route." from Chicago and Detroit to Buffalo, New York and Boston, takes pleasure in announcing that ample arrangements have been made for the extensive system of Summer Tourist Tickets and through car service to the principal Summer Resorts of the North and East that for many years have won it the title of The Favorite Summer Tourist Route.

A handsomely illustrated and daintily printed brochure entitled "Specimen Summer Touris" is now in press and will be sent to any address on receipt of three cents postage. Tourists will find it very desirable to consult its pages before taking their summer outing. City Ticket Office, 119 Adams street, Chicago.

"You are a wheelman?" he said.

"Yes," replied the candidate.

The saint looked at him quissically.

"Ever lie much about it?"

"If I did I went back and picked 'em up."

"Ever buy a wheel with an accident insurance policy thrown in?"

"Never!"

The ancient key-bearer went over the big book carefully. Once or twice he looked sharply at the candidate and seemed about to question him further, but he invariably went back to the book.

The candidate began to feel a little anxious. His conscience was all right, but he didn't know what to expect.

Presently the saint shut the book with a bang.

"How do you treat your wheel?" he said,

"How do you treat your wheel?" he said, abruptly.

"Like a human being," replied the candidate.
The saint smiled.
"Lemme see it."
The candidate stepped down to the first terrace and brought up his bicycle. The saint put his foot on the pedal and set the wheel whirling.
"That's nice." he smilingly said.
Then he stepped forward, unlocked the big, golden gate, and pushed it open.
"Ride in," he said, "and try the good roads." And the candidate touched his cap to the saint and rode in.

Skill Will Comquer Brate Force.

Professor in N. Hollis, in June Atlantic.

It is an axiom to say that with equal ships on both sides the result of a fight will depend upon the steadiness, the intelligence and the training of the mea. After all, it is they who form the chief element as well in these days as in the past, when our weapons and ships were of a more elementary type. The ability and bravery of our people cannot be questioned. One of the finest episodes of history is the sinking of the Cumberland at Hampton Roads. Hereve went down firing the guns until the ship was submerged, and the flag was never lowered. In calculating the chances of victory we must take into account the disposition and character of our opponents. Any deficiency in their mechanical knewledge and skill is certain to invite defeat. Bravery goes for naught in the presence of machinery, if a people be hampered by tradition and methods belonging to the middle ages. Evidence for the present case may be gathered from the behavior of the descendants of the Spaniard in South America. The machinery of their ships has always suffered except in the hands of foreign engineers, principally Scotch and English, hired for the purpose. That they have courage when corrected is undealer.

The distinction between these was and our is not one of heaver, but meaning the particular war. Skill Will Conquer Brute Force.
